

Gardening With Wildlife

Talk & Tour

March 11, 2020 1:00 - 3:00

\$45.00 per person. Adults only. Limited to 12 participants.

Register at www.humanecontrol.com/garden-talk-and-tour

Join us for a tour of our learning-lab and organic garden where we will discuss living in balance with nature while maintaining a thriving vegetable garden. We will also cover methods of keeping pets and livestock safe from predation. Topics will include:

- Poison-free gopher and ground squirrel control.
- Barn owl nest box design, construction and installation
- Raptor perches, design and installation options.
- Keeping rats, mice and voles out of your garden.
- Wildscaping: providing habitat for local wildlife.
